

Laurel Village Apartments

Laurel Village is a 51-unit apartment complex that was built to serve low-income individuals and families. The complex consists of 3 separate buildings with underground parking under each and a commons area. The units range in size from 1 - 3 bedrooms and all have views of Bellingham Bay. A tight construction schedule was one of the challenging elements of this successful residential project. Another was the soil remediation of the site before construction could begin.

- ◆ Owner: Bellingham Housing Authority
- ◆ Architect: Zervas Group Architects
- ◆ Completed: 2006
- ◆ Contractor: Ebenal General
